(Ceres4.50.23)

Service Request or Support:

Issue addressed: When Inventory Picks are configured to use the Ceres Report Selections and an Inventory Pick is printed, Ceres prints all Inventory Pick documents. This same behavior exists when creating and printing documents via the Create Invt. Put-away/Pick process.

Type	ID	Name
Codeunit	5776	Warehouse Document-Print

This release does not present a change in system usage methodology.

Resolution: Ceres was enhanced to address the reported issue by applying the appropriate filters during the printing operations so that only the relevant Inventory Pick document(s) print.
