

Read Me CERES4.50.33 AE Process Monitor Update (Ceres4.50.33)

Service Request or Support:

Issue addressed: A Job Queue that is started via the Agency Express Process Monitor process shuts down right after being started when it should remain running. Additionally, it was noticed that the AE Process Monitor Setup page was excluded from the Ceres 4.5 menu.

Type	ID	Name

This release does not present a change in system usage methodology.

Resolution: Ceres was enhanced to address the reported issue by updating the code in the AE Job Queues Codeunit to ensure that once started the Job Queue remains running. Additionally, the AE Process Monitor Setup page was added to the menu at: Departments/Agencies & Receivables/Agency Express/Administration/Setup.
