Read Me_Ceres4.51.26_ Receipt Delivery EMail CC Validation (Ceres4.51.26)

Issue addressed: The Receipt Delivery Email CC field on the FBC Product Category page allows an incorrect e-mail to be entered.

Objects Affected:

Type	ID	Name
Table	14012280	FBC Product Category

This release does not present a change in system usage methodology.

Resolution: With this release, Ceres has been enhanced to address the reported issue by adding validation of the e-mail address entered in the Receipt Delivery Email CC field on the FBC Product Category Table.
