

Read Me 4.51.37 Grant Summary Report Agency Filter Adjustment (Ceres4.51.37)

Issue addressed: The Grant Summary report has a field for amount 'On Agency Orders'. If an Agency number filter is added when running the report, the report is not filtered correctly and shows negative amounts available.

Objects Affected:

Type	ID	Name
Report	14012302	Grant Summary

This release does not present a change in system usage methodology.

Resolution: With this release, Ceres has been enhanced to address the reported issue by copying the Agency Filter of the report to the applicable tables in the report in order to create the correct Grant Buffer table for printing. In addition, total field fonts have been changed to bold for better display on the report.
