

Read Me 4.51.41 Agency Invoice Email Copy Reset (Ceres4.51.41)

Issue addressed: When an Agency is set for automatic email of Invoices and Ceres is configured to print a copy (or copies) of the Invoice, the document attached to the email includes the copy (or copies).

Objects Affected:

Type	ID	Name
Table	112	Sales Invoice Header
Report	10074	Sales Invoice
Report	14012524	Agency Invoice
Report	14012533	Agency Invoice w/ Grant Det.
Report	14012572	Agency Invoice w/ VAP Det.
Report	14012574	Agency Invoice Grant/VAP Det.
CodeUnit	14012254	Food Bank Utilities

This release does not present a change in system usage methodology.

Resolution: With this release, Ceres has been enhanced to address the reported issue by updating the "EmailAgencyInvoice" function in Food Bank Utilities (CU-14012254), Sales Invoice Header table and related Reports to only send the original when the document is sent as an email, regardless of how many copies Ceres is configured to print.
