

Solution Version Information

Solution Version Information

The Ceres version information for your solution is documented in the *About Microsoft Dynamics NAV* window.

The steps below provide instruction to view your Ceres solution version information.

1. Connect to your Ceres solution via the Microsoft Dynamics NAV 2015 windows client.
2. Navigate in the windows client to the *About Microsoft Dynamics NAV* window as shown highlighted below.

3. Select the *About Microsoft Dynamics NAV* link to open the *About Microsoft Dynamics NAV* page. The version of your Ceres solution will be displayed as shown highlighted below.
